

### Convenient. Secure. Free.

MyChart is a secure online portal that provides information about your Johns Hopkins care and connects you to your health care team.

All patients are encouraged to set up an account. For children under 13, the parents or legal guardians can set up a proxy account. Patients 13 and older can give others proxy access to view their accounts.

### Virtual Services to Meet Your Needs

Using MyChart, you can:

- Message your providers.
- Have video visits.
- Schedule, cancel and check in for appointments.
- Review and pay bills.
- View your Johns Hopkins medical records, including notes, test results, diagnoses and much more.
- Request prescription renewals.
- Download and share your medical records.
- Update your personal information and communication preferences.

### Easy and Secure Access to Your Health Information

Johns Hopkins is committed to keeping your health information secure. MyChart is protected by advanced encryption technology. Only you and others whom you authorize can view your information.

### Need Help?

If you are having trouble creating an account or scheduling an appointment, please call the MyChart hotline at 800-318-4246 for assistance.

Do not use MyChart for urgent medical matters. Call 911 for medical emergencies.
