

CLINICAL RESEARCH OPERATIONS

Medasource is a Clinical Research consulting and support firm partnering with over 150 leading research institutions, health systems, academic medical centers, and pharmaceutical companies. Our flexible & shared sourcing model allows us to create solutions specific to team/department needs.

MANAGED SERVICES

Providing creative solutions to manage project initiatives, workforce transformation and ongoing support

OUR CAPABILITIES

CONSULTING SERVICES

Addressing niche gaps with top caliber consultants

AREAS OF EXPERTISE

Our project teams, contractors, consultants, and workforce transformation programs address short-term and long-term organizational needs.

HOW TO ENGAGE

Identify need (short-term or long-term)

- + Contract Support | 6-18 months, or multi-year subscription
- + Right to Hire | After 6 months contractors can be considered for hire

Intake Meeting:

- + Discuss and consult on need(s) with Lauren Davidson (Ldavidson@medasource.com)

Medasource Delivery:

- + Our team presents top 1-2 candidates within 5-8 business days

Interview:

- + Within 72 hours JHU stakeholders conduct 1-2 interviews with candidates

Consultant Onboarding:

- + Consultant engaged within 2-3 weeks after offer. Medasource is responsible for all paperwork, background checks, drug screens, and credentialing.

We work with JHU IT for system access as needed.
